Mrs. Jessie Stearns Buscher
The Columbus Dispatch
807 National Press Building
Washington 4, D. C.

Dear Mrs. Buscher:

Thank you so much for sending me such a photogenic souvenir of the delightful party at the Women's National Press Club last week.

It is certainly an eye-catching and arresting portrayal of some of the hazards that are said to affect the profession of intelligence gathering and intelligence predicting. Perhaps the subtitle of the picture should be "The Shape of Things to Come".

Sincerely,

SIGNED

Allen W. Dulles
Director
